Independent Auditors' Report

We have audited the accompanying statement of financial condition of Brown, Gibbons, Lang & Company Securities, Inc. as of December 31, 2007, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Brown, Gibbons, Lang & Company Securities, Inc. as of December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

FORM X-17A-5

PART III

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. Organization and Operation – Brown, Gibbons, Lang & Company Securities, Inc. (the "Company") was incorporated on July 29, 1991 under the name of BG Securities, Inc. The name was later changed to Brown, Gibbons, Lang & Company Securities, Inc. The Company conducts an investment banking business and acts as agent in securities transactions with qualified institutional investors. Brown, Gibbons, Lang & Company Securities, Inc. is a registered broker dealer with the Securities and Exchange Commission, the NASD, the State of Ohio Division of Securities and the Illinois Securities Department.
- B. Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- C. Cash and Cash Equivalents – The Company considers short-term mutual funds to be cash equivalents. The Company places its temporary cash investments with high credit quality financial institutions, which, at times, may exceed federally insured limits.
- D. Accounts Receivable – The Company extends unsecured credit to customers under normal trade agreements which generally require payment within 30 days. The Company has not provided an allowance for doubtful accounts. The Company uses the direct write-off method to record bad debts. Based upon management's review of delinquent accounts and an assessment of the Company's historical evidence of collections, this method does not differ significantly from the allowance method. There were no bad debts for the year ended December 31, 2007.
- E. Fee Income – Fee income is contingent upon the realization of predetermined contractual results; consequently, fees are recognized when the earning process is complete.
- F. Income Taxes – Effective April 1, 1996, the Company has elected to be taxed under the provisions of subchapter S of the Internal Revenue Code. Under these provisions, the Company does not pay federal or state corporate income taxes on its taxable income. Instead, the stockholders are liable for individual federal and state income taxes on their respective shares of the Company's taxable income. The Company is responsible for local income taxes.

FORM X-17A-5

PART III

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2. RELATED PARTY TRANSACTIONS

At December 31, 2007, the Company had accounts receivable of \$5,000 due from a stockholder and accounts payable totaling \$460 due to a former stockholder. The Company also incurred management fees of \$17,633,500 in 2007 from Brown Gibbons Lang & Company LLC, an affiliate related through common ownership.

NOTE 3. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2007, the Company had net capital and net capital requirements of \$645,696 and \$5,000, respectively. The Company's aggregate indebtedness to net capital ratio was .02 to 1.

NOTE 4. REPORT DISCLOSURE

Part IIA of the Brown, Gibbons, Lang & Company Securities, Inc. Focus Report (Form X-17A-5), dated December 31, 2007, to the Securities and Exchange Commission is available for examination and copying at the office of the Company in Cleveland, Ohio, and at the Chicago, Illinois, regional office of the Commission.

To the Stockholders
Brown, Gibbons, Lang & Company Securities, Inc.
Cleveland, Ohio

We have audited the financial statements of Brown, Gibbons, Lang & Company Securities, Inc. as of and for the year ended December 31, 2007, and have issued our report thereon dated February 12, 2008. Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on pages 11 through 12 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

December 31, 2007

(k)(2)(A) – Broker deals primarily in arranging private placements of debt and equity for corporate issuers, principally with institutional purchasers, carries no margin accounts, and does not hold funds or securities for customers.

To the Stockholders
Brown, Gibbons, Lang & Company Securities, Inc.
Cleveland, Ohio

In planning and performing our audit of the financial statements and supplemental schedules of Brown, Gibbons, Lang & Company Securities, Inc. as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2007 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the Securities and Exchange Commission and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
